***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

Applicant's arguments filed on 12/19/05 are found convincing. With respect to claim 1, the Examiner agrees with applicant's statement that Ueda fails to disclose or suggest the claimed feature of "a hard film which covers the entirety of a peripheral side of the semiconductor substrate so that the entire periphery of the semiconductor substrate is covered by the hard film" as shown in Figs. 1A and 1D of the instant application. With respect to claim 6, the Examiner agrees with applicant's assertion that one of ordinary skill in the art would never have modified Qi's teaching to meet the claimed limitation "the hard film is not provided on the top surface of the semiconductor substrate and is not provided on the bottom surface of the semiconductor substrate" because to do so would destroy the purpose and functionality of Qi.

Claims 2 and 7 are allowed for the same reason indicated in the last Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Trung Dang whose telephone number is 571-272-1857.
